If an account is outstanding, a late payment fee may be charged. Where a student is being withdrawn from the School, as per the School's Enrolment Agreement (to avoid a term's fee in lieu of notice being applicable), parents must provide notice in writing by no later than the first day of the school term prior to the term from which the parent is requesting withdrawal take effect. For example, if a student is being withdrawn in Term 3, notice is required by no later than the first day of Term 2.
